

EMERGE 2018

LEADERSHIP CONFERENCE WORKSHOPS

SESSION 1:

Leadership 101 (Equip) – Basic Leadership Training

Emma Graetz, *Grassroots Training*

This session will provide new leaders with the foundations for leading on a camp or in a youth group.

Jesus and Public Speaking

Chris Mann, *Lifelong Leadership*

Wherever Jesus went, he spoke and taught, and He did so in public and in private. Often public speaking as a Christian is limited to just preaching on a Sunday and reserved for pastors. This workshop will assist anyone who speaks publicly, helping you crafting speeches and messages that can be used in a variety of settings by utilising key principles and practices displayed by Jesus throughout the gospels. Participants will learn how to engage their audience and present content that is helpful, engaging, profound and potentially life-changing – all without sending their audience to sleep!

*Note: A few practical, ongoing exercises will be provided for those serious about developing their speaking ability for future ministry circumstances.

SESSION 2:

Leading a Small Group (Equip) – Basic Leadership Training

Emma Graetz, *Grassroots Training*

This session will give new leaders an opportunity to understand how to run an effective small group on a camp or in a youth group setting.

Leadership Game

Chris Mann, *Lifelong Leadership*

Many leadership workshops share what the speaker or trainer knows – which is great. The Leadership Game we will be playing will give you a chance to hear what you and your peers know – about being a good follower, leading yourself, leading others, developing an organisation, and more. A board game with a leadership twist, come prepared to have fun, encourage others, gain insights from fellow leaders, and apply leadership insights directly to your life and situation.

How to read and interpret the Bible
